

Q.

Rampura, a remote district inhabited by a tribal population, is marked by extreme backwardness and abject poverty. Agriculture is the mainstay of the local population, though it is primarily subsistence due to the very small land holdings. There is insignificant industrial or mining activity. Even the targeted welfare programs have inadequately benefited the tribal population. In this restrictive scenario, the youth has begun to migrate to other states to supplement the family income. Plight of minor girls is that their parents are persuaded by labour contractors to send them to work in the Bt Cotton farms of a nearby state. The soft fingers of the minor girls are well suited for plucking the cotton. The inadequate living and working conditions in these farms have caused serious health issues for the minor girls. NGOs in the districts of domicile and the cotton farms appear to be compromised and have not effectively espoused the twin issues of child labour and development of the area.

You are appointed as the District Collector of Rampura. Identify the ethical issues involved. Which specific steps will you initiate to ameliorate the conditions of minor girls of your district and to improve the over-all economic scenario in the district? (250 words) 15 marks 11 min
